Good morning folks,

I am out of the office today but just wanted to touch base on the items below from Ed Schwartz regarding Seal Shield.

Phillip and I had a short discussion earlier this morning to go over where we are with the matter and our next steps/action items. I have written my notes in red below with respect to each item; however, to be clear, these notes are just for our internal EPA use only; they are not a suggested email response to Ed.

In short, Phillip and I were thinking it would be a good idea to have an **team discussion tomorrow at 11am** to go over a number of these items, and to **propose a call with Seal Shield's web developer at noon tomorrow** to hear from them regarding their international website(s) and its accessibility from the U.S.

Phillip, please add anything that I left out...

Thanks.
